

## ARG22131 anti-FITC antibody (HRP)

Package: 500 µl  
Store at: 4°C

### Summary

|                     |  |
|---------------------|--|
| Product Description | HRP-conjugated Sheep Polyclonal antibody recognizes FITC |
| Tested Reactivity   | Chem   |
| Tested Application  | ELISA, FACS, FLISA, IHC-Fr                               |
| Specificity         | Reacts with fluorescein isothiocyanate (FITC)            |
| Host                | Sheep  |
| Clonality           | Polyclonal   |
| Isotype             | IgG  |
| Target Name         | FITC   |
| Species             | Others   |
| Immunogen           | Fluorescein isothiocyanate (Isomer I)                    |
| Conjugation         | HRP  |

### Application Instructions

| Application table | Application | Dilution        |
|-------------------|-------------|-----------------|
|                   | ELISA       | 1:4000 - 1:8000 |
|                   | FACS        | Assay-dependent |
|                   | FLISA       | Assay-dependent |
|                   | IHC-Fr      | Assay-dependent |

**Application Note** \* The dilutions indicate recommended starting dilutions and the optimal dilutions or concentrations should be determined by the scientist.

### Properties

|                     |  |
|---------------------|--|
| Form                | Liquid   |
| Purification        | Affinity purification with immunogen.  |
| Buffer              | 50% PBS (pH 7.4) and 50% Glycerol  |
| Stabilizer          | 50% Glycerol   |
| Storage instruction | Aliquot and store in the dark at 2-8°C. Keep protected from prolonged exposure to light. Avoid repeated freeze/thaw cycles. Suggest spin the vial prior to opening. The antibody solution should be gently mixed before use. |
| Note                | For laboratory research only, not for drug, diagnostic or other use.   |
