

## Product datasheet

info@arigobio.com

# ARG22632 anti-Metallothionein antibody

Package: 50 μg Store at: -20°C

#### **Summary**

Product Description Rabbit Polyclonal antibody recognizes Metallothionein

Tested Reactivity Bacteria

Tested Application WB

Host Rabbit

Clonality Polyclonal

Isotype IgG

Target Name Metallothionein

Species Bacteria

Immunogen Synthetic peptide around the center region of Pseudomonas aeruginosa Metallothionein.

Conjugation Un-conjugated

#### **Application Instructions**

Application table	Application	Dilution
	WB	1:1000
• • •	* The dilutions indicate recommended starting dilutions and the optimal dilutions or concentrations should be determined by the scientist.	

#### **Properties**

Form Liquid

Purification Affinity purification with immunogen.

Buffer PBS, 0.09% Sodium azide and 50% Glycerol.

Preservative 0.09% Sodium azide

Stabilizer 50% Glycerol

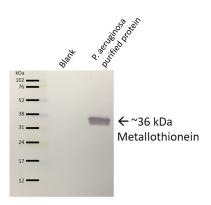

Storage instruction For continuous use, store undiluted antibody at 2-8°C for up to a week. For long-term storage, aliquot

and store at -20°C. Storage in frost free freezers is not recommended. Avoid repeated freeze/thaw cycles. Suggest spin the vial prior to opening. The antibody solution should be gently mixed before use.

Note For laboratory research only, not for drug, diagnostic or other use.

#### Bioinformation

Calculated Mw ~ 36 kDa

### ARG22632 anti-Metallothionein antibody WB image

Western blot: Blank and 25  $\mu g$  of Pseudomonas aeruginosa purified protein with GST tag stained with ARG22632 anti-Metallothionein antibody at 1:1000 for 16 hours at 4°C.
