

ARG56465 anti-Nitrotyrosine antibody

Package: 250 µl
Store at: -20°C

Summary

Product Description	Rabbit Polyclonal antibody recognizes Nitrotyrosine
Tested Reactivity	Other
Tested Application	WB
Specificity	This antibody does not react to synthetic peptide containing unmodified tyrosine. This antibody has less than 10% reactivity with chlorotyrosine.
Host	Rabbit
Clonality	Polyclonal
Isotype	IgG
Target Name	Nitrotyrosine
Species	Others
Immunogen	Nitrotyrosine-containing synthetic peptide.
Conjugation	Un-conjugated

Application Instructions

Application table	Application	Dilution
	WB	2 µg/ml
Application Note	* The dilutions indicate recommended starting dilutions and the optimal dilutions or concentrations should be determined by the scientist.	

Properties

Form	Liquid
Purification	Affinity purification with immunogen.
Storage instruction	For continuous use, store undiluted antibody at 2-8°C for up to a week. For long-term storage, aliquot and store at -20°C. Storage in frost free freezers is not recommended. Avoid repeated freeze/thaw cycles. Suggest spin the vial prior to opening. The antibody solution should be gently mixed before use.
Note	For laboratory research only, not for drug, diagnostic or other use.
